

HOSPITAL QUALITY • PEOPLE • OPERATIONS

Quality that works. Every day.

Practical support from readiness to implementation.

600+

HOSPITALS SUPPORTED

Consulting, quality, training and implementation support engagements

SUNIL SHARMA • OWNER, MUDGAL HEALTHCARE

One partner across the hospital journey.

Mudgal Healthcare supports healthcare organisations across five practical capability groups, shaped around each organisation's current position and priorities.

01

Accreditation & certification

NABH entry-level and full accreditation, reassessment, ISO and clinical excellence readiness.

02

Empanelments

GIPSA, CGHS, ECHS, TPA and corporate tie-up documentation and coordination support.

03

Human resource services

Employee documentation, payroll guidance, PF and ESI processes, policies, audits and planning.

04

Recruitment & manpower

Role-aligned workforce support for nursing, clinical, paramedical and operational requirements.

05

Registrations & compliance

Guidance for establishment, pollution, biomedical waste, AERB, ROHINI and essential NOCs.

Assess. Design. Implement. Verify. Sustain.

The aim is not documentation for its own sake. The work is organised to help responsibilities, evidence, training and review become part of everyday hospital operations.

01

Assess

Leadership discussion, facility context and current-state review.

02

Design

A focused roadmap with priorities, owners and evidence expectations.

03

Implement

Department-level guidance, documentation and practical team support.

04

Verify

Internal review, indicators, drills, audits and closure tracking.

05

Sustain

Follow-through that strengthens the next improvement cycle.

TYPICAL DELIVERABLES

- Gap assessment

- Implementation roadmap

- Audit toolkit

- Training calendar

- Review dashboard

What would make your hospital stronger?

Share the priority, current stage and target timeline. The Mudgal Healthcare team can help identify a practical starting point.
